Subject: Microsoft Settlement

Honorable Judge,

I urge you to reject the proposed settlement in the U.S. vs. Microsoft anti-trust suit before you. Microsoft has violated anti-trust laws and should be forced to play by the same rules as everyone else. However, this proposed final judgment would fail to accomplish that. Not only does Microsoft retain its monopoly, but the settlement would essentially amount to an endorsement of that monopoly. And Microsoft is left to police itself! Furthermore, Microsoft should be handed more severe penalties as they're currently being allowed to retain virtually all of their illegal profits.

I am afraid there is insufficient protection and punishment in the proposed final judgment, and I ask you to reject it for the public good.

Sincerely,

Brad Zielinski
